WEDNESDAY, APRIL 25. 1739

1197.

Turin, April 4. O. S.

THE King has sent the necessary Instructions to his Minister at Paris, to sign his Majesty's Accession to the General and Definitive Treaty, but with several Restrictions, not only with regard to the Guaranty of the Pragmatick Sanction, but with regard to the Pre- tensions of this Court to the disputed Parts of the Frontier of the Milanese. We hear that the King of Spain has also sent full Powers to his Ambassador at Paris, to sign his Catholic Majesty's Accession to the said Treaty, by stipulating Restrictions in the same Manner, as well with respect to the Allodial Estates of Tuscany and Parma, as with respect to the Pragmatick Sanction.

Vienna, April 7. O. S. The Emperor having interested himself in making a Match between his Nephew Prince Anthony Ulrich of Brunswick Wolfenbuttle, and the Princess Anne of Mecklenbourg, the presumptive Heiress of the Throne of Russia, the News from Petersburg of the Conclusion of the Marriage, has given great Joy to their Imperial Majesties, who have ordered fine Presents for the Prince of Wolfenbuttle; and as for the Prince his Brother, who made the last Campaign in Hungary, and will also do the same there this Year, the Emperor has made him a Present of two very fine Horses, and the Empress of a very gay Set of Accoutrements. A Courier arrived here t'other Day from the Emperor's Minister at Petersburg, with Letters, wherein he says, 'That he has received the strongest Assurances that the Russian Army will leave no Stone unturned to join the Emperor's Forces, and to act in Con- junction with them against the Turks; and that her Catholic Majesty would take Care to convince the Republick of Poland how little the Promises of the Turks or Tartars ought to be depended on; since, notwithstanding the many Assurances they had given that they would not violate the Neutra- lity of the Kingdom, yet at their last Incursion into the Frontiers of the Ukraine, they burnt 14 Towns and Villages in Podolia, and carried off the Inhabitants into Slavery.' News is arrived from Hungary of the Death of the General d'Arnaud, Commandant of the City and Citadel of Great Wa- radin. Upon the Receipt of several important Ad- vices from the Velt Marshal de Wallis since he set out for Belgrade, the Albanians, Rascians, and Greeks, that were arrested here some Days ago are committed to close Custody, and are shortly to be transported to the Frontiers of Turkey, where they are to receive their Sentence of Banishment from the Emperor's Dominions. Several Jews have been also taken up here on Suspicion. 'Tis said the Grand Seigneur seems determined to recal the Count de Bonneval from his Exile.

'Tho' the Definitive Treaty concluded between the Emperor and the King of France has been signed by the Ministers of the Emperor and the most Christian King, those of Russia and Poland have not yet set their Hands to it; which is ascribed to the following Cause. The Baron de Brackel, the Russian Minister, had not been long arrived here, but he received the full Powers from Petersburg to sign the Treaty in the Name of the Czarina; as did the Baron de Zech, the King of Poland's Mi- nister, to sign it in the Name of his Master. Upon this Occasion the Marquis de Mirepoix, Ambassa- dor of France, produced not only a full Power from the most Christian King, but another from King Stanislaus, to sign the Treaty for him in quality of a high and principal contracting Power; but the Ministers of Russia and Poland made a Scruple to sign upon that Footing, and sent their Messengers to Petersburg and Dresden with an Account of their Conduct. Several Conferences have been held since then on the Methods for re- moving that Difficulty, which 'tis hop'd will be found out.

Such large Sums have been offer'd to the Em- peror for the Expences of the Campaign in Hungary by several rich Abbies and religious Convents in his

Hereditary Dominions, that 'tis computed the Whole will amount to a Million and 200 German Florins. We are assur'd, that in a late Conference at Court upon the Affair of the Count de Seckendorff, it was resolv'd to restore that Nobleman forthwith to his Liberty, on Condition that he sign an Act whereby he shall bind himself to three Articles that the Em- peror shall think fit to prescribe to him. The Prince de Cordona, who has been indispos'd for some Time past, died here Yesterday in an advanced Age.

Warsaw, April 5. O. S. We hear that 60,000 Tartars have made a new Incursion into the Ukraine, after having pass'd the Boristhenes between Perewolozna and Gorodiscka, but it needs Confirmation. According to Letters from Choczim, 25,000 Turks are expected under the Cannon of that Place, 25,000 under Sorokka, and 40,000 under Bender. They write from Nimrow, that the Sultan of Bialogrod has caus'd 988 Persons to be restor'd out of the 3900 which the Tartars had carried off from Padolia at their Return from the last Incursion which they made into the Ukraine. 'Tis said the Turks have intirely repair'd the Fortifications of Oczakow and Kimburn, which latter it seems as if they intended to make a considerable Fortress.

A M E R I C A.

New York, Jan. 30. On the 10th Instant Captain Clark, in the Schooner Judith and Rebecca, arrived here from Virginia, who gives the following melan- choly Account, viz.

That on the 3d Instant he met with a Ship at the Capes of Virginia, with Palatines from Rotterdam, who were in great Distress for want of Provisions, and knew not the Bay; that they dropp'd their An- chor and fired several Guns for a Pilot to come off to them; but the Weather being bad, and much Ice floating, no Pilot came: Whereupon a great Gen- tleman that was on board, took his Son and Daughter, and several other Passengers, (to the Number of about Thirty) in the Long-Boat, and went on Shore to see if they could get some Provisions for their Relief; but not finding a House, they made a Fire in the Woods, and sat by it all Night; the Weather being severe cold, there was but Four of them alive the next Morning. Several of them were Gentlemen of good Estates, and had Gold Watches in their Pockets, and some more and some less Pieces of Gold. The Chief of them is said to be a Great Lord from Ger- many, and had much Riches on board; and so had several of the other Gentlemen. It's said this was the richest Ship that has come into Virginia for these twenty Years past. The Wind blowing very hard that Night the Ship dragg'd her Anchor, and struck so much that she sunk till the Water came to her upper Deck: A great Number of the Passengers that were in their Cabbins between Decks, were so sick and weak that they were not able to get upon Deck to save themselves, but were drowned, and were found floating in the Ship like so many Logs of Timber. The Master and Mate died at Sea, and the Boatswain had the Command of the Ship. When they came out from Rotterdam there was Three hundred Passengers on board, of which there is but four left alive, besides four or five of the Sailors. This Ship was bound to James River in Virginia, there being a German Lord which came there last Year and obtained a Grant for a large Tract of Land in Virginia, and was to bring over from Germany about Three Thousand People to settle it, and this Ship's Company was the first of them. It's said they have been about twenty Weeks in their Passage from Rotterdam, in which Time most of them died, and the few that were left perished when they came on Shore, except Four of them as above mentioned.

New-York, Feb. 5. On Friday last a Sloop arrived here from St. Christopher's and Eustatia in 18 Days. The Yellow Fever continues at St. Christopher's, and has swept away great Numbers. The same Sloop brings Advice, that a Ship of 60 Guns from Spain, bound to Porto Rico, with Stores, &c. was cast away upon a small Island near Spanish Town, not far from St. Thomas's, and that a Sloop of New York, passing that Way, carried the People (or some of them) to Porto Rico, and was well rewarded for so doing, and had Liberty of a free Trade there for Three Weeks, published by the Governor's Procla- mation.

L O N D O N.

On the 29th ult. at 11 o'Clock in the Forenoon a Fire broke out at Aix, which is the Capital of Pro- vence, the See of an Archbishop, the Seat of a Par- liament, and University, one of the finest Towns in France, and famous for its Mineral Waters. All the Houses in the lower Part of the Town, from the Gate of the Chamberry to the opposite Gate, were intirely reduc'd to Ashes; so that none were left standing but the House of the Marquis d'Antremont, that which is set apart for the Use of the Baths, and the Street leading to it. As the Baths of Aix have often been liable to the Entrance of the neighbour- ing Waters, the King of Sardinia is taking Methods to remedy that Inconvenience.

All the Talk at Paris of a Treaty of Commerce on Foot between France and Russia is quite at an End. — The Master Printers in Paris are by the King's Order reduc'd to 30.

The Emperor's Ministers had lately a Conference with the King's Ministers at Versailles, to find out Means to engage the Kings of Spain and Sardinia to renounce the Restrictions which they want to sti- pulate by acceding to the General and Definitive Treaty.

We hear that the Russian Court was so persuaded that the Emperor would accept of the Million of Rubles offer'd by the Czarina instead of Troops, that they had actually taken Measures for remitting that Sum to Vienna, by Bills of Exchange upon Holland and Leipfick.

The Dyer of Stockholm was to separate as last Wednesday.

Last Saturday se'nnight died at Gill-Hall in the County of Antrim in Ireland, the Lady Countess Dowager of Antrim, who was married to William Hawkins M^r Gill, of Gill-Hall in the said County, Esq; by whose Death her Jointure of 1000 l. per Ann. devolves to the Earl of Antrim.

The Lord Mayor, &c. of Dublin have addressed the Lords Justices of the Kingdom in behalf of Thomas Gane, Esq; the Town Clerk of that City, who incur'd the Displeasure of the House of Lords of England, in issuing out an Action against one of their Members when at Dublin, and causing him to be arrested upon the same.

His Majesty's Commissions are arriv'd at Dublin, appointing the Hon. Lieutenant General Robert Napper, Lieutenant General and Commander in Chief of all his Majesty's Forces in Ireland, in the room of General Piers, deceas'd. And the Hon. Brigadier Cope to succeed that General in his Regiment of Horse on the Irish Establishment.

The Right Hon. the Lord Viscount Duncannon is daily expected from England at Dublin, he being made one of the Commissioners of the Revenue in Ireland, in the room of the Right Hon. Henry Boyle, Esq; who is sworn in Chancellor of the Exchequer, in the room of Dr. Coghill, deceas'd.

The Right Hon. the Lord Cathcart is made Go- vernor of Londonderry, in the room of the late Ge- neral Wynne.

A Fire broke out lately at Moyally, in the King's County in Ireland, at the House of Peter Marsh, Esq; by which great Part of his Household Goods and Fur- niture to a considerable Value were consum'd.

Last Tuesday her Grace the Duchess of Norfolk, with the Lady Jernegan, arriv'd at Norwich, and went to see the Ruins of the old Palace, Part of which is now a Workhouse for the poor People, to whom

whom she was pleas'd to give two Guineas, to be laid out by the Keeper in Strong-Beer and Tobacco; and 'tis said her Grace did several other charitable Acts before she went out of Town.

Last Thursday four Transports, viz. one for House-breaking, another for firing a House, and two Smugglers, were carried from Norwich Castle in order for Transportation; but 'tis said that John Pixley, one of the Smugglers, made his Escape about three o'Clock last Friday Morning from Scoble-Inn, where he lodg'd, altho' they were guarded by a Party of Dragoons.

Some Days ago a Labourer, cleaning a Ditch at Scabright in the Parish of Baddow, near Chelmsford in Essex, to his great Surprise perceived Money to fall upon his Spade from the Side of the Hedge, and on further Inspection, found buried under a Tree a Quarter of a Peck of Half Crowns, Shillings, and Six-pences, of Queen Mary's, Queen Elizabeth's, and King Charles the First's Coins; since which the said Place hath been visited by several curious Persons, who have found there many other Pieces of Antiquity. 'Tis remarkable that the neighbouring People used to report that the said Place was haunted.

St. James's, April 23. This Day the Baron de Uterodt, Envoy Extraordinary from the King of Poland, had his first private Audience of his Royal Highness the Duke, to which he was introduced by Sir Clement Cottrell, Kt. Master of the Ceremonies.

He was afterwards introduced to a private Audience of their Royal Highnesses the Princesses Amelia, Caroline, Mary, and Louisa, by the Master of the Ceremonies.

Last Night the Right Hon. Sir William Yonge, Bart. Secretary at War, came to Town from Ashburton in the County of Devon, to his House at Whitehall.

Yesterday the Rev. Dr. Boulton, Dean of Carlisle, preach'd the Spittal Sermon before the Lord Mayor, Aldermen, and Governors of the several Hospitals at St. Bride's Church.

To which is now prefixed, A large and genuine History of
the Life of Richard Turpin, from his Birth to his Execu-
tion; and therein inserted a full Account of all his
Robberies and Exploits, and the various Methods he took
to conceal himself. Communicated by Mr. Richard Bayes, as
the Green Man on Epping Forest, and other Persons in
the County of Essex. Together with

THE whole TRIAL at large of the
notorious Highwayman, Richard Turpin, at York
Assizes, on the 22d Day of March, 1739. before the Hon.
Sir WILLIAM CHAFFIN, Kt. Judge of Assize, and one of
his Majesty's Justices of the Court of King's Bench.

Short Hand.

whole Confession he made to the Hangman at the Gallows;

which he suffer'd, own'd the Murder of Mr. Thompson's Ser-
vant on Epping-Forest, and gave a particular Account of
several Robberies which he had committed

YORK: Printed by WARD and CHANDLER, Booksellers
at their Printing-Office in Concy-street; and Sold at their
Shop without Temple-Bar, London.

The great Success of this Trial has occasion'd it to be
superstitiously printed, in a very incorrect Manner, with
a Picture prefixed, as much like Turpin as the Great Mogul.
The Publick are hereby caution'd against it, this being
the only genuine Trial, and to be depended upon as printed
in York by the Persons above-mentioned. And for those
who are pleas'd with Pictures, there shall be given gratis
along with it a curious Print of the late celebrated Dicky
Dickenson, the humorous Governour of Scarborough Spaw.

The only short and infallible Cure

For that reigning Disease the SCURVY, and all Scorbutick Humours,
tho' arriv'd to the highest and most inveterate Degree, or of
ever so many Years standing, and that without any sensible Eva-
cuation or the least Purging, which by an unaccountable Mistake
is generally advis'd, although always found rather to increase and
confirm the Scurvy than cure it.

By the so much famed and most pleasant Chymical DROPS:

WHICH, without the least Trouble,

Confinement, or any Disorder whatever, do at once strike
at the true Cause of the Scurvy, and intirely destroy it, and all
Scorbutick Humours and Effects, Root and Branch, so as never to
return again, as many Thousands of both Sexes have experienced,
and as all who take them in 3 Days time will be convinc'd; for
they almost instantly alter the morbid State of the Juices, purify the
Blood, sweeten all the Fluids, cleanse them from Impurities, and
directly clear the whole Habit from all Spots, Blisters, black and
blue Marks, Itchings, foul Eruptions, or Breakings out, Weariness
of the Limbs, languid Heaviness of the whole Body, wandering
Pains, Weakness of the Back, and all the vast Variety of Sym-
ptoms by which the Scurvy imitates and often lies concealed under
the Appearance of the Rheumatism, and many other Distempers.

And for strengthening the Stomach, immediately creating a good
Appetite, causing a regular and easy Digestion of Food, and curing
all Windy Effects and Disorders of the first Passages (whence pro-
ceed Head-achs, Vapours and other Indispositions) no Bitters nor any
other Medicine upon Earth can compare with them, inasmuch
that besides infallibly curing the Scurvy in all its Shapes and Ap-
pearances, they also assuredly and immediately cure the Green-sickness
in Virgins, Worms of all Kinds in young or old, and almost all
other Chronic Diseases, (which are chiefly occasioned by Indigestion
and stultent Crudities in the Stomach and Bowels) and certainly
prevent Fevers, Agues, and other acute Illnesses.

They are wonderfully Cordial and Restorative, strengthen and
enliven the whole Machine, and as soon as taken, make the Patient
pleasantly Lightfoot, brisk and Vigorous to admiration, and are
good for all Sorts of Persons, to preserve as well as to procure a
sound and healthy State of Body.

But the great Reputation these famous and pleasant Chy-
mical Drops have so universally gain'd among Persons of Eminence,
for their suddenly and infallibly curing the Scurvy and all Scorbu-
tick Humours, and other Chronic Diseases, in such an easy and
agreeable Manner, have occasioned many to imitate them, some
under the same, and others under other Names: Be careful there-
fore not to be deceiv'd; but be sure to have the Right, which by
the Author's special Appointment, are to be had only at the Gen-
tlemen's, at the Two Blue Posts, in Haydon-Yard, in the Mi-
nories. at 3s. 6d. a Bottle, with Directions.

This Day is published,
(For General Use, Pr. 1s. 6d. bound, or 15s. a Doz.)
The THIRD EDITION,
To which is added,

Six Copper-Plates, of all the usual Hands, curiously
Engraven by Mr. BICKHAM, and many other im-
provements in

Style, and in the most natural and instructive Method, viz.
That of Question and Answer.

Designed for the Use of SCHOOLS.
And tho' calculated chiefly for the Use of such as require
only an English Education, may yet be a useful Foundation
to those who are design'd for higher Studies.

certain Cure for common Coughs and Colds; but the great

gain'd, for the direct and infallible Cure of Consumptions
